

HAIL OF LEAD FROM NEW GUN COVERS ACRE

New Type of Rapid Fire Siege
Rifle Tried Out at Range at
Schofield Yesterday

(Special Star-Bulletin Correspondence)
SCHOFIELD BARRACKS, Nov. 17.—For the first time on the island of Oahu the new type of rapid fire siege rifle was fired at target practice. The firing took place yesterday morning in the presence of an interested assemblage of officers, and was a successful demonstration of the power and utility of these guns. The caliber is 4.7 inches, the weight of the projectile 60 pounds, and the maximum range something over 9000 yards. The shrapnel which were used yesterday each contains more than 700 half-inch bullets, and when they burst in front of and above a target they cover almost an acre with a deadly hail of steel pellets.

The carriage upon which this gun is mounted has the advantage over the old type in that it takes up the recoil of the gun by means of springs and recoil cylinders, and therefore very little adjustment is necessary to place the gun again upon the target.

Battery C, 1st Field Artillery, has been equipped with four of these guns in addition to the 3-inch field guns. Capt. Roger O. Mason fired the first problem at a represented battery at a range of 6100 yards. The second problem was fired by Capt. John W. Kilbreth, Jr., at a group of infantry targets, range 5800 yards. Thirty-two rounds were fired in less than a half hour, and a large percentage of hits was made.

Morning on CHANGE

Pressure of profit taking and a general uneasiness said to be due to the revelation of the plans of the "New York sugar clique" to work for an internal revenue producers or consumers' tax on sugar, are held responsible for the sudden drop in the prices of sugar stocks listed on the local exchange. The plan backed by the "refiners' trust," which if successful would cripple Hawaii's cane industry, was first revealed in the territory in yesterday's Star-Bulletin. The stocks which were sold or vainly offered today at prices less than sale prices of yesterday were Ewa, Hawaiian Commercial, McBryde, Oahu Sugar, Oahu Cane, Pioneer and Waiulua. A detailed list of closing prices and sales will be found in another column of this edition.

MCDONALD AND MOORE CHOSEN AS EXAMINERS

Named By Governor to Succeed
Drs. Herbert and Kilbourne
on Medical Board

Governor Pinkham today announced the appointment of Dr. Jonathan T. McDonald and Dr. W. L. Moore as new members on the medical examining board, taking the places left vacant by the resignations of Dr. George Herbert and Dr. E. D. Kilbourne.

Both Dr. McDonald and Dr. Moore are old timers in the city and are well known. Dr. Moore came first to the islands in 1893, staying in Hilo for three years and coming from there to Honolulu, where he has since practiced. He is a prominent member of the Hawaiian Medical Society, and a member of the insanity Commission for the territorial asylum. He was for some time associate city and county physician with Dr. J. T. Wayson. He is a graduate of Ann Arbor.

Dr. McDonald was at one time bacteriologist for the territorial board of health, and has also served as president of the local medical society. He is a graduate of Cooper Medical College in San Francisco and came to Honolulu in 1900.

Dr. R. W. Benz, the third member of the board, is at present on a trip to the mainland.

THROW AWAY YOUR EYE-GLASSES

A FREE PRESCRIPTION

You Can Have Fitted and Use at Home. Do you wear glasses? Are you a victim of eye-weakness or other eye trouble? If so, you will be glad to know that there is real hope for you. Many whose eyes were failing, say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for 15 days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Opton. Fill a two-ounce bottle with warm water, drop in one Opton tablet and allow to dissolve. With this liquid, bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. If your eyes are bothering you, even a little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.—advertisement.
